

2017–Present CCSSE Student Services Staff Predictions Exercise

The following are items from the Community College Survey of Student Engagement (CCSSE), the results of which we plan to use to assess student engagement and improve college performance. We invite you to predict the responses our students gave on these select items. Results from this exercise can be compared against our CCSSE results. The alignments and/or gaps between student responses and student services staff responses can help facilitate important discussions.
