SURVEY OF ENTERING STUDENT ENGAGEMENT

Student Services Staff Predictions Exercise

The following are items from the Survey of Entering Student Engagement (*SENSE*), the results of which we plan to use to assess student engagement and improve college performance. We invite you to predict the responses our students gave on these select items. Results from this exercise can be compared against our *SENSE* results. The alignments and/or gaps between student responses and student services staff responses can help facilitate important discussions. Please note that for all of the following survey items, students were asked to reflect on their experiences from the time of their decision to attend this college through the end of the first three weeks of their first semester/quarter.

#18	This set of items asks you about your earliest experiences at this college.	Students who responded AGREE or STRONGLY AGREE
